Discussion and direction of CEDC 100

(Let's begin a discussion of where we've been, what we've done, and where we would like to go)

- Why do we exist?
- What have we accomplished?
- What do we do?
- How will we succeed?
- What is most important, right now?
- Who must do what?

After we discuss these, then we will come up with a SWOT analysis to move forward.
This will be a multi month discussion.
